## Every Friday (16 December 2022 - 14 April 2023)

The Nature Park House in Längenfeld sees itself as an information hub and competence centre for Ötztal nature. On an exhibition area of almost 300m<sup>2</sup>, the unique diversity of nature in the Ötztal with all its peculiarities is presented in a multimedia and highly modern way. In addition to bilingual (German/English) information boards, the exhibits can be experienced by sensory impressions: there are listening stations, touch screens, VR glasses, holograms and digital wall reliefs. We will lead you through the Nature Park House and will show you the special highlights of the exhibition. Selected illustrative materials and special stories provide further insight into the uniqueness of the Ötztal. Finally, we taste a regional, healthy juice made from lingonberries. Right in the middle of it all ...
